Thank you for bringing these concerns to our attention and for providing the relevant references regarding the Brown Act and ASRCC governing documents. Riverside City College and ASRCC values transparency and shared governance, and we take questions related to public meeting accessibility and agenda posting seriously. We are reviewing the information provided and will coordinate with the appropriate college and student leadership regarding the concerns raised about agenda and minutes postings. We appreciate you sharing the context and documentation.

Ms. Jackson,

Certainly, I can provide evidence.

The Brown Act [states](#):

(a) (1) **At least 72 hours before a regular meeting**, the legislative body of the local agency, or its designee, shall post an agenda that meets **all of the following requirements**:

(A) The agenda shall contain a brief general description of each item of business to be transacted or discussed at the meeting, including items to be discussed in closed session. A brief general description of an item generally need not exceed 20 words.

(B) The agenda shall specify the time and location of the regular meeting and **shall be posted in a location that is freely accessible to members of the public and on the local agency's internet website**, if the local agency has one.

[Here](#) is an official opinion of the California Attorney General's office concluding, "The meetings of a student body association of a community college are subject to the open meeting requirements of the Ralph M. Brown Act."

Article II, Section 6.D.1 of the [ASRCC Constitution](#) assigns responsibility for the agenda requirements of all three ASRCC branches to the executive secretary, stating:

- ARTICLE II: EXECUTIVE BRANCH
 - Section 6: Duties and Powers
 - D. Executive Secretary
 - 1. Maintain accurate agendas and minutes of Executive Cabinet, Senate, and Supreme Court meetings, and make them open and available to the public.

If you access the [public google drive repository](#) of ASRCC agendas and minutes at the bottom of ASRCC's [website](#), you can see for yourself the last posted agenda for the [executive cabinet](#) is for the [October 14, 2025](#) executive cabinet meeting. Although there are more files in the executive cabinet folder with "agenda" in the title, opening them up reveals they are in fact the minutes for those meetings.

You can see a similar pattern for the [senate folder](#). The online senate postings have been more consistent, but still not up to the Brown Act standards referenced above.

If you have further comment or context, please feel free to share it.

Best,

Aaron Friesen

Can you please provide the sustainable evidence supporting your claim that ASRCC agendas were not posted in accordance with the Brown Act? At this time, the members of my cabinet are in alignment with proper procedures and expectations regarding agenda posting requirements. It would be mindful and responsible to ensure that accurate and verified information is being reported rather than continuing to circulate assumptions or propaganda without substantiated evidence. If you have documentation supporting your claims, feel free to provide it for review.

Subject: Comment on ASRCC's apparent Brown Act violations

To President Jackson and Executive Secretary Soto,

Viewpoints is planning to publish a news story next week on the apparent pattern of Brown Act violations surrounding ASRCC's inconsistent posting of meeting agendas, which the ASRCC Constitution puts under your area of responsibility.

I would like to know if either of you can comment today—or provide a statement—on the Brown Act issue. If not, please let me know as soon as possible when you can respond.

I also stopped by the office earlier today to try to catch up with both of you in person, but I heard you're all busy with the banquet tonight.

Still, I would like to hear what you have to say as soon as possible, because your viewpoint as the parties in question provides important context to the story.

Thanks in advance,

Aaron Friesen
